Storage Space Allocation Adjustment

Hi there,

the missing configuration item is still missing!

<https://riseup.net/en/quota>

How do I now adjust storage space allocation according to my needs and your capabilities?

(details) [tinyurl.com/riseup-crisis-internal](https://tinyurl.com/riseup-crisis-internal) + [tinyurl.com/riseup-crisis](https://tinyurl.com/riseup-crisis)

(initial request) <https://support.riseup.net/en/ticket/rYm8VLENbbZG4dA6>

Please fire your demented employee this year and restore the user account management interface to status quo ante, because next year I got an appointment to end the abuse by my family with a domestic violence specialist, and would like to avoid to have to mention your demented employee there for criminal collusion.

Yours sincerely,

Leonhard Bauer
